

Olaf Maennel
18.8.-23.8.2014 Chicago, USA

The trip to Chicago was for ACM SIGCOMM. ACM SIGCOMM is the flagship network conference with more than 800 attendees. This year (2015) I am organising this conference in London. I agreed to be general-chair for this conference and as part of this process, I was required to go to the conference to participate in a hand-over meeting.

More information about the conference: <http://sigcomm.org/events/sigcomm-conference>
